BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part X, Phase I Tobacco Settlement, includes the following language provisions:

"Agricultural Development Initiatives: Fifty percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2006-2007, estimated to be \$44,312,500, and in fiscal year 2007-2008, estimated to be \$46,912,500, is appropriated to the Kentucky Agricultural Development Fund to be used for agricultural development initiatives."

"MSA Appropriation Adjustment: The Consensus Forecasting Group reduced the fiscal year 2005-2006 Phase I Master Settlement Agreement revenue forecast from the enacted estimate of \$108,600,000 to \$91,300,000, a reduction of \$17,300,000. The revenue estimate reduction was based on the high probability of an adjustment for nonparticipating manufacturers. To accommodate this reduction in estimated revenues, the following fiscal year 2005-2006 appropriations are hereby reduced in accordance with 2005 Ky. Acts ch. 173, Part X, (5)."

"**Tobacco Settlement Funds - Allocations:** Notwithstanding KRS 248.711(2), and from the allocation provided therein, counties that are allocated in excess of \$20,000 annually may provide up to four percent of the individual county allocation, not to exceed \$15,000 annually, to the county council in that county for administrative costs."

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part I, Operating Budget includes language provisions that directs:

"Kentucky Agricultural Finance Corporation: Notwithstanding KRS 247.978(2), the total amount of principal which a qualified applicant may owe the Kentucky Agricultural Finance Corporation at any one time shall not exceed \$5,000,000."

Governor's Office of Agriculture Policy

"Tobacco Settlement Funds - Allocations: Notwithstanding KRS 248.711(2), and from the allocation provided therein, counties that are allocated in excess of \$20,000 annually may provide up to four percent of the individual county allocation, not to exceed \$15,000 annually, to the county council in that county for administrative costs."

The State/Executive Branch Budget Bill, Part I, Operating Budget, includes new funding initiatives above the base and defined calculations, in the amount of \$1,870,100 in General Fund (Tobacco) and Restricted Funds of \$54,400 in fiscal year 2007-2008 for an increase in the grants. Additional funding adjustments in fiscal year 2005-2006 includes a reduction in the General Fund by \$898,000 for debt service on the \$17,000,000 Bond Funds, allocated to the Kentucky Agriculture Finance Corporation enacted in House Bill 267. These funds are no longer required due to recent litigation.

HOUSE REPORT

The House concurs with the Branch with the following changes:

The House provides an additional \$6,000,000 in General Fund for fiscal year 2006-2007 for the restoration of funds reduced unproportionally rather than the prorata share provided for in KRS 248.654 resulting from the reduced Consensus Forecasting Group estimates in fiscal year 2005-2006.

The House did not provide \$4,000,000 in fiscal year 2006-2007 and \$3,000,000 in fiscal year 2007-2008 of General Fund Tobacco Fund dollars in Part I and Part X that and were appropriated in the Environmental Stewardship Program.

The House amends the State/Executive Branch Budget Bill, Part I, Operating Budget, to include the following language provisions:

"Partial Phase II Litigation Proceeds: Notwithstanding KRS 45.229, General Fund dollars of \$27,000,000 representing Partial Phase II Litigation proceeds that were appropriated in fiscal year 2005-2006 pursuant to 2005 House Bill 267 (2005 Ky. Acts ch. 173, Part X, Phase I Tobacco Settlement, B.3.a.(4)), shall not lapse in fiscal year 2006-2007 and fiscal year 2007-2008. To the extent possible, all General Fund dollars shall be expended from the account prior to the expenditure of Tobacco Fund dollars."

"Restoration of Funds: Notwithstanding KRS 45.229, General Fund dollars of \$6,000,000 representing the restoration of funds, shall not lapse in fiscal year 2006-2007 and fiscal year 2007-2008. Included in the above General Fund appropriation in fiscal year 2006-2007 is an additional \$6,000,000 for the restoration of funds resulting from the Master Settlement Agreement appropriation adjustment resulting from the reduced Consensus Forecasting Group estimates in fiscal year 2005-2006."

Governor's Office of Agriculture Policy

The House amends the State/Executive Branch Budget Bill, Part X, Operating Budget, to include the following language provision:

"Partial Phase II Litigation Proceeds: Notwithstanding KRS 45.229, General Fund dollars of \$27,000,000 representing Partial Phase II Litigation proceeds that were appropriated in fiscal year 2005-2006 pursuant to 2005 House Bill 267 (2005 Ky. Acts ch. 173, Part X, Phase I Tobacco Settlement, B.3.a.(4)), shall not lapse in fiscal year 2006-2007 and fiscal year 2007-2008. BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part I, Operating Budget includes language provisions that direct:

"Auditor's Scholarships: Notwithstanding KRS 43.200, no funding is provided for Auditor's scholarships."

"Audit Services Contracts: No state agency shall enter into any contract with a nongovernmental entity for an audit unless the Auditor of Public Accounts has declined in writing to perform the audit or has failed to respond within 30 days of receipt of a written request. The agency requesting the audit shall furnish the Auditor of Public Accounts a comprehensive statement of the scope and nature of the proposed audit."

"Audit Records and Status Reports: The Auditor of Public Accounts shall report in writing each 60 days to the Interim Joint Committee on Appropriations and Revenue the progress of all state audits, together with copies of all completed audits. The Auditor of Public Accounts shall maintain a record of all time and expenses for each audit or investigation."

"Charges for Federal, State, and Local Audits: Any additional expense incurred by the Auditor of Public Accounts for auditing Federal Funds, when the audits are mandated by a cognizant federal audit agency, shall be charged to the audited agency when the costs may be charged against Federal Funds. The Auditor of Public Accounts may increase the audit fees for conducting county audits if additional revenues are needed to continue the operation of the office. The Auditor of Public Accounts shall maintain a record of all costs and expenditures associated with this provision.

Each quarter, the Auditor of Public Accounts shall notify the Finance and Administration Cabinet concerning the collection status of the fees charged for county audits. If a county government is delinquent in its payment to the Auditor of Public Accounts, the Finance and Administration Cabinet shall withhold any moneys due that county government for the term of 120 days or until the Auditor of

Auditor of Public Accounts

Public Accounts has received full payment from the county. The Auditor of Public Accounts may increase the audit fees for conducting county audits if additional revenues are needed to continue the operations of the office.

The "Single Audit Act of 1984" and the "Single Audit Act Amendments of 1996" (OMB Circular No. A-133) have changed the method by which federal moneys to state agencies are audited. As a result of this federal change, the Auditor of Public Accounts is budgeted to receive additional Agency Receipts which shall be allotted by the Governor's Office for Policy and Management for programs authorized in the enacted budget for the Auditor of Public Accounts by the 2006 General Assembly, subject to the conditions and procedures provided in this Act.

Any expenses incurred by the Auditor of Public Accounts for auditing a state or local government agency or other entity upon its request, or for performing an audit required by statute unless the audit is required by those standards governing the audit of the Commonwealth's Comprehensive Financial Report or the provisions contained in the "Single Audit Act of 1984" and the "Single Audit Act Amendments of 1996," shall be charged to the agency or entity audited.

Any expense incurred by the Auditor of Public Accounts for auditing individual governmental entities shall be charged to the agency receiving audit services when expenses are mutually agreed upon or when a legislatively mandated study by the Auditor of Public Accounts has determined the need for the audit."

HOUSE REPORT

The House concurs with the Branch with the following changes:

The House provides an additional \$950,000 in General Fund in each fiscal year to support twelve (12) vacant positions, transitioning from a thirty-seven and one-half (37.5) hour to a forty (40) hour work week, and to support salary equity for merit status auditors.

The House amends the State/Executive Branch Budget Bill, Part I, Operating Budget, to include the following language provisions:

"Restitution of Outstanding Bills: The Personnel Cabinet shall make full restitution of \$43,700 representing outstanding billed fees owed to the Auditor of Public Accounts for fiscal year 2005-2006. All agencies shall make full restitution of billed fees owed to the Auditor of Public Accounts for fiscal year 2006-2007 and fiscal year 2007-2008. If an agency does not have sufficient funds to make full restitution, the outstanding balances shall be deemed a necessary government expense and shall be paid from the General Fund Surplus Account (KRS 48.700) or the Budget Reserve Trust Fund Account (KRS 48.705) to the credit of the Auditor of Public

Auditor of Public Accounts

Accounts in the year that the payment is due. Notwithstanding KRS 45.229, these funds paid to the Auditor of Public Accounts shall not lapse."

"State Agency Billing: The Secretary of the Finance and Administration Cabinet shall direct any state agency, as enumerated in KRS 12.020, to reimburse costs incurred by the Auditor of Public Accounts to perform such financial audits as the Auditor deems necessary under KRS 43.050(2)(a). Notwithstanding KRS 43.070(5) and 48.500, reimbursements due the Auditor of Public Accounts shall not be reduced or waived."

"Compensatory Leave Conversion to Sick Leave: If the Auditor of Public Accounts determines that internal budgetary pressures warrant further austerity measures, the State Auditor may institute a policy to suspend payment of 50 hour blocks of compensatory time for those auditors who have accumulated 240 hours of compensatory time and instead to convert those hours to sick leave."

"Auditor Salary Equity: Included in the above General Fund appropriation are funds to provide an increase to each merit classified auditor within the Auditor of Public Accounts office to be added to the eligible employee's base salary effective July 1, 2006. The Secretary of the Personnel Cabinet shall take such action to develop a revised classification and salary compensation schedule to implement this provision in consultation with the Auditor of Public Accounts to be effective by July 1, 2006. BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part I, Operating Budget includes language provisions that direct:

"State Retirement Obligations: Notwithstanding KRS 161.550, General Fund moneys are appropriated to comply with the obligations of the state under the Teachers' Retirement System statutes as provided in KRS 161.220 to 161.716."

"Administrative Costs: In accordance with KRS 161.420, in each fiscal year an amount not greater than four percent of the receipts of the state accumulation fund shall be set aside into the expense fund or expended for the administration of the retirement system. No General Fund moneys are provided in fiscal year 2006-2007 or fiscal year 2007-2008 for the cost of administration."

"**Amortization of Sick Leave:** Included in the above General Fund appropriation is \$4,293,800 in fiscal year 2006-2007 and \$9,211,000 in fiscal year 2007-2008 to provide the cost of amortizing the requirements of KRS 161.155 (sick leave) for members retiring during the 2006-2008 fiscal biennium."

"Highly Skilled Educators' Retirement Benefits: Salary supplements received by persons selected as highly skilled educators on or after July 1, 2000, shall not be included in the total salary compensation for any retirement benefits to which the employee may be entitled."

"Targeted Ad Hoc Cost-of-Living Increase for Retirees: Included in the above General Fund appropriation is \$4,312,800 in fiscal year 2006-2007 and \$7,865,100 in fiscal year 2007-2008 to enable cost-of-living adjustments effective July 1, 2006, to the annuities of those retirees most negatively affected by increases in the Consumer Price Index since their dates of retirement. The Teachers' Retirement System is authorized to devise a policy for calculation and distribution of the cost-of-living adjustments that takes into account the relative needs of those persons retired for the longest periods of time as well as the most effective and efficient administrative procedure for effecting the adjustments."

Teachers' Retirement System

"Supplemental Health Insurance Funding: Included in the above General Fund appropriation is \$50,000 in each fiscal year to enable the retirement system to provide a subsidy for those retired state members over age 65 that insure their spouses under age 65 through the state health insurance plan. The amount of the subsidy for those over age 65 shall not exceed the amount of the subsidy for members under age 65 that choose couple, family, or parent plus coverage."

"State Medical Insurance Fund Stabilization Contribution: Notwithstanding KRS 161.420 and 161.550, included in the above General Fund appropriation is \$8,793,000 in fiscal year 2006-2007 and \$14,133,200 in fiscal year 2007-2008 to amortize the cost of the State Medical Insurance Fund Stabilization Contribution."
